Board of Supervisors
San Luis Obispo County

Supervisor Frank Mecham, District 1
Room D-430
County Government Center
1055 Monterey
San Luis Obispo, CA 93408
July 21, 2016

Dear Supervisor Mecham:

I writing to you out of deep concern regarding the proposal by Phillips 66 to build a rail spur to assist in transporting crude oil across our county.

I feel that it is unconscionable to even consider such a potentially unsafe and environmentally disastrous proposal, let alone approve it.

There have already been far too many accidents across the country. No amount of reassurance from Phillips 66 will help if one these trains derails in our beautiful county, whether in Paso Robles, SLO, or any other area. The devastation and potential loss of lives is unthinkable.

Please vote no on this issue.

Yours truly,

Myra Lathrop
